If the Time screen has not been confirmed, the employee and/or supervisor will continue to receive daily email reminders until the screen has been confirmed.

The Time screen is created on the first day of the month and can be confirmed any time until the 10th of the following month.

If an employee has not confirmed the screen and is out of the office the day the confirmations are due, the staff in the Academic Personnel Office can confirm the time for the employee in place. The Academic Personnel Office can also enter any hours that have not been entered. If the supervisor has not confirmed the screen and is out of the office the day the confirmations are due, there are two options. First, if there is another designated supervisor in the office, that person can do the confirmation. Second, the Academic Personnel Office can confirm the usage information. If the Academic Personnel Office confirms the information, an email will be sent to the employee and/or supervisor, asking that person to confirm the usage. If there are no changes, the employee can just reply to the email. If there are adjustments that need to be made, the person can just reply to the email to the Academic Personnel Office requesting a change.
