A. Call to Order
B.  Guest Speakers:
   Michael Lorenzen discussed a variety of AI tools and how they can be used for educational purposes; AI integrity policies/issues; AI resources; and AI prompts
   Everett Hamner described additional AI related topics: Integrating WIU policies; WIU AI Task Force report; examples of using AI in the classroom; AI considerations for the future
   Some of the ideas discussed based on follow-up questions from  the committee: literature on sexism and other stereotypes  in AI content; and AI tutoring
C. New Business: Discussion on AI subcommittee.
   Who would be interested in joining this subcommittee? Should  be  open to more people than  just the CITR members.
   Rewriting policies, etc., to incorporate these changes (last updated 2016)? Need university guidance. Good for the committee to take leadership. Rebel asked for volunteers to help her rewrite the policies/procedures. Suggestion: Annette Hamm would be helpful. Rebel would
